TRI-TOWN AMBULANCE & EMERGENCY RESCUE SERVICE, INC.

To the citizens of the towns of Greenwood, Sumner, West Paris & Woodstock:

This report is to inform the citizens of our sponsoring towns that their ambulance and rescue service is very much alive and healthy.

Following are some of the service activities and changes Tri-Town Ambulance and Emergency Rescue Service, Inc. have accomplished in 1982:

1. The number and type of ambulance runs were as follows:

	<u>Number</u>		<u>Type</u>
West Paris	77		
Woodstock	57		
Sumner	14	Emergency	131
Greenwood	12	Transports	64
Other	35		
Totals	195		195

2. Training is constant and progressive. Our chief aim must be, and is, the proper care of our patients. Proper diagnosis and preparation at the scene and during transport to the nearest medical facility means, in many cases, the difference between life and death. This is why proper and constant training is so very important.

We now have 22 trained ambulance attendants on our staff, 14 of whom have put in the additional 100 hours of training to qualify as EMT's (Emergency Medical Technician).

3. Because of the increase in personnel, we have found it necessary to increase and improve our radio communications equipment. In 1982 we have acquired

9 new scanners. We are in the process of acquiring 5 new two-way radios with the aid of a federal grant.

4. Plans are already being formulated to replace the old, worn out ambulance acquired from Andrews Ambulance Service at the time that service ceased operations.

All donations for memorials, unless otherwise instructed, will go to a fund dedicated to the purchase of a new ambulance. Any donation toward this very necessary and worthwhile cause will be gratefully received and recognized.

Our budget for 1983 includes a small amount to be transferred to this fund.

5. In 1982 the service was reorganized to include a board of directors with the duties and power to set policy, regulate finances, hear and settle grievances, conduct public relations procedures, etc.
6. In mid 1982 a policy of charging for ambulance service to parties residing outside the four town area was instituted.
7. The donation of a new KED (a piece of medical equipment to stabilize persons with possible back injuries), was gratefully received from the Bethel Kiwanis Club.
8. The 1983 budget has been carefully worked out and, in spite of inflation, the necessary subsidies required from our sponsoring towns has been reduced from 1982.

We wish to take this opportunity to thank all of those who have so generously aided our efforts in the past. We know we can depend on that same spirit of help and cooperation in the future.

Within our organization the esprit de corps and dedication to our service is wonderful to see. This kind of spirit is so very necessary for people to work together

under sometimes very adverse conditions and emotional stress.

If you need us, call, we will be there within minutes. The numbers to call are listed in the front of your telephone directory.

Respectfully submitted,
MERLE E. RING

Emergency Rescue Service, Inc.

REPORT TO THE TAXPAYERS OF GREENWOOD

The Town purchased a new bucket loader and a larger and newer grader for the Highway Department in the year of 1982. These were paid in full by Federal Revenue Sharing from monies received in 1981-82. Hopefully, we will see improvements in our roads in 1983.

On July 1st, the State turned over 11.01 miles of state aid roads to the Town to maintain. Under the Block Grant program, we should receive \$30,000 to maintain them, actually \$18,000, as under the old programs we received \$12,000 from the State. There is a question at this time whether the funds will continue in the future.

We have been very fortunate in the number of fires the Town has had in comparison to our neighboring towns. By cleaning chimneys in the fall by the Fire Department, I believe has decreased the number of fires in town.

As in the past, duties are given to each of the 3 selectmen, I, myself, assessing and welfare; Wayne Redman, highway department and in 1983 the town books; Ronnie Smith, administration.

In 1983, the selectmen plan to work in conjunction with Woodstock Town officials to try to solve mutual problems in dump waste and septic tank disposal.

Even though this has been a new experience for Wayne and Ronnie, they are looking forward to 1983.

Notes to Financial Statements	

Board of Selectmen
Town of Greenwood
Locke Mills, Maine

I have examined the financial statements of the various funds of the Town of Greenwood for the year ended December 31, 1982 listed in the foregoing table of contents. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In my opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of the Town of Greenwood at December 31, 1982, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information is not necessary for a fair presentation of the financial statements, but is presented per statutory requirements and as additional analytical data. The information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above, and, in my opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

December 31, 1982

1. Summary of Significant Account Policies

The accounting policies of the Town of Greenwood conform to generally accepted accounting principles as applicable to governmental units.

A. Basis of Presentation

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues and expenditures. The various funds are grouped by type in the financial statements.

Governmental Funds

General Fund - The general fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid through other funds.

Special Revenue Fund - Special revenue funds are used to account for revenues derived from the specific taxes or other earmarked revenue sources, including federal revenue sharing funds.

Fiduciary Funds

Trust Funds - Trust funds are used to account for assets held in trust by the Town for others.

Account Group

General Long-Term Debt - This account group is established to account for the long-term debt that is backed by the Town's full faith and credit.

B. Basis of Accounting

The modified accrual basis of accounting is fol-

lowed by the General, Special Revenue, Trust and Special Reserve Funds. The modified accrual basis of accounting is defined as the basis of accounting under which expenditures are recorded as incurred and revenues are recorded when received in cash except for material and/or available revenues which are accrued to reflect properly the taxes levied and the revenues earned.

C. General Fixed Assets

The Town does not maintain a record of its general fixed assets. Expenditures for property and equipment are charged against departmental operations whenever such items are purchased.

2. Property Tax

The Town's property tax for the current year was levied October 9, 1982 on the assessed value as of April 1, 1982, for all real and personal property located in the Town. Taxes were due on December 1, 1982 with interest at 18% charged after that date retroactively to November 1, 1982.

3. Pension Plan

Eligible Town Employees are covered under Social Security. The Town's contribution was approximately \$2,500.

4. General Fund Budget

The Town operates on a net budget as compared with a gross budget. All revenues are not estimated, but are credited to the particular purposes by vote of the townspeople at the annual town meeting or at special town meetings.

At the annual town meeting, held in March of each year, the townspeople vote on various articles, on which, amounts for appropriations have been recommended by the Board of Selectmen and/or the Budget Committee.

5. Appropriated Fund Balance

Historically the townspeople vote to carry certain departmental unexpended balances and/or overdrafts forward to the following year for expenditure. This is usually in lieu of additional appropriation in any particular account.

At December 31, 1982, the following account balances were carried forward:

Salaries and Administration	\$14,498.98
Town Hall	850.46
Clean Town Offices	150.00
Street Lights	983.87
